

# PRONTO-Xi

## FaxMail

Fax or e-mail any PRONTO-Xi document or report directly to customers, suppliers, colleagues or anyone else you like, directly from your PRONTO-Xi System. Besides dramatically improving productivity, FaxMail saves you money immediately with big reductions in communication and administration costs.

Using FaxMail is just as easy to use as printing from PRONTO-Xi.

The PRONTO-Xi FaxMail solution, including a flexible document transmission management system, allows you to monitor the status of every fax and e-mail you have sent.

FaxMail is an indispensable tool for any company where fast, hassle-free communication is an important part of doing business.

### Quick Payback

The return on investment for PRONTO-Xi FaxMail makes it an irresistible communications tool for any company. The combined savings of stationery, postage and labour costs means that FaxMail typically pays for itself within months.

FaxMail eliminates the need to stand by the fax machine to ensure your documents get through and, using e-mail, can even remove the need to fax your PRONTO-Xi documents altogether. Processing your monthly statement run can be reduced from days of work to just minutes without the need to mail a single document.

## Key Benefits

- ◆ Reduce postage costs
- ◆ Reduce faxing costs (if sending documents by e-mail)
- ◆ Reduce labor costs in folding, addressing, and posting documents
- ◆ Reduce time spent by the fax machine
- ◆ Highly professional-looking documents, incorporating logos and other layout elements
- ◆ As easy to use as printing from within PRONTO-Xi

# Technology

- ◆ PRONTO-Xi FaxMail Engine, harnessing the PRONTO-Xi business logic for recipient information.
- ◆ ActFax™ communications software for e-mailing and faxing.

## Easy to Configure and Manage

PRONTO-Xi FaxMail is simple to implement and configure to your specific business needs. Document overlays and cover sheets can be maintained by you and your staff.

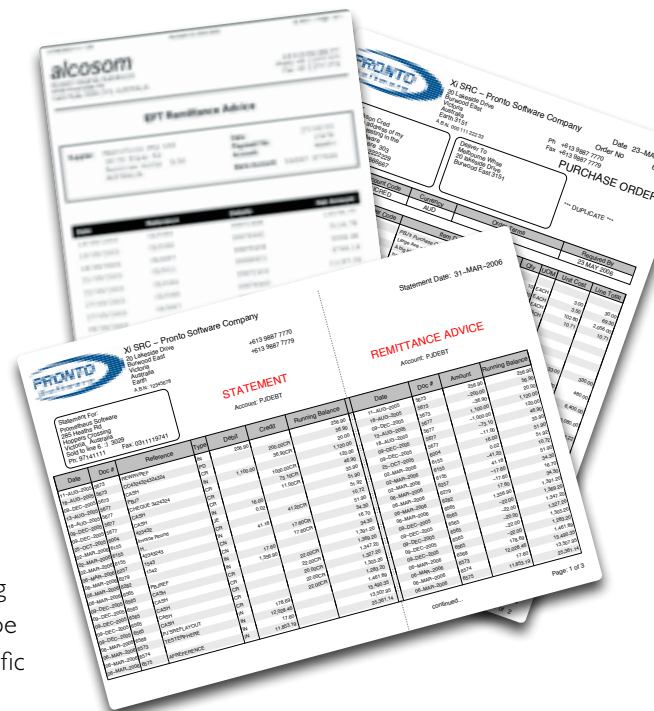

Error detection and notification is available and any errors – such as invalid fax number or failed transmission – can be remedied by your staff.

## How Does PRONTO-Xi FaxMail Work?

PRONTO-Xi FaxMail takes the spool files that would normally be sent to a physical printer and converts them into either faxable documents or Portable Document Format (PDF) for e-mailing. For “bulk run” spool files such as daily purchase orders or monthly statement runs, PRONTO-Xi FaxMail divides these spool files into individual documents and sends each one to the appropriate fax number or e-mail address. PRONTO-Xi FaxMail takes care of parcelling up the document, sending it through your fax modem or e-mail server and managing the flow of these communications.

...so easy to work with™

PRONTO-Xi FaxMail is just as easy to work with as printing from PRONTO-Xi and can be configured to suit your specific business needs.

*“Using FaxMail has eliminated the need for staff to mail out 1,500 statements per month and approximately 200 invoices per day. This has reduced our postage costs significantly and saved at least five working days per month in staff folding envelopes.”*

Lou Rostirolla, Systems Manager, Zip Heaters (Aust) Pty Ltd.
